

ILLINOIS LSAMP CONFERENCE 2020

On February 28-29, four ISU STEM students got the chance to attend the 2020 Illinois LSAMP Conference!

Christa Hale (right) won 2nd place in the Environmental Sciences Poster Presentation competition for her poster titled "Leafcutter Ant Preferences for Leaves Across Plant Species and Following Starch Supplementation"! Congratulations, Christa!

A special shout out to **Juan Canchola** (left, in blue) for his awesome Chemistry poster titled "Synthesis and Biological Evaluation of the Anaephene Natural Products".
